You have now completed one assignment. An email has been sent to you and to me. I file the emails in a folder with your name on it.

## A few things in general :

- 1) You can keep ALL work online. However, you do have the capability of printing all work for your records and reviewing as you go.
  - a) You have your own account. Set it up for your best interest.
- 2) Contact me anytime anyway. I am here for you, not verse visa.

Have fun.
